You cannot escape from a sense of the
UTILITY of GAS.

USED IN INDUSTRY IT QUICKENS OUTPUT
AND CUTS COSTS in a THOUSAND and ONE PROCESSES.

IF it is HEAT you want GAS will best serve you; if COLD, the same agency will effect Refrigeration at a lower cost than any other.

The REFRIGERATOR will appeal both to the Shopkeeper and the Housewife as a means of Preserving Fresh or Cooked Food.

A HOT WATER CIRCULATOR used separately or in conjunction with the Kitchen Range means that you can assist your existing arrangement in winter, work by Gas alone in summer, and obtain really Hot Water for all purposes throughout the whole year.

THE ALL-ENAMELLED COOKER with its AUTOMATIC ADJUSTMENT OF GAS ON THE OVEN has made a steady advance in public estimation, because it does what we say it will do.

DUNDEE DIRECTORY

GENERAL NOTICE.

The publishers are gratified at the support given to their first issue of the Dundee Directory, and have again spared no effort to secure the further approval of its patrons. During the past year over 9,000 removals have taken place, making the new edition indispensable to every business house. Attention should be drawn to the alteration in the County name from Forfarshire to Angus, and, while most of the Boards and Associations have agreed to the change, several still adhere to the original name.

Until recently the staple trade of the city has been fairly busy, but at the time of going to press the outlook is not so favourable, several of the works already working short time. Statistics show that the importation of Jute was about the average, with 1,115,500 bales.

The trade at the Dundee Harbour has been maintained; with an increase in the revenue the finances of the Trustees are in a very sound condition. The Tay Ferries have had a record year, and realizing the increased demand for transport facilities, have provided the new "Fifie," "B. L. Nairn," which will assure a half-hourly service between the two piers.

The shipbuilding industry has again had a busy year, six vessels, with a tonnage of 20,622 tons, have been launched, and several others are in process of building. There has also been a steadiness in the engineering trade, and the foundries are fully employed; but it falls to be recorded with regret that this year one of the largest and oldest foundries in the city, that of Messrs J. Carmichael & Co., Ltd., has been closed down. Messrs Carmichael's foundry was founded in 1810 by the two brothers, James and Charles Carmichael. The firm was employed by the Tay Ferries Trustees in 1821 to make an engine for the first twin steamboat placed on the Ferries. Soon afterwards James Carmichael invented the reversing gear, and introduced a method of controlling the engines from the deck, the Tay Ferries steamboat "George IV." being the first vessel to have these fitted. The firm of J. & C. Carmichael, as it was named at that time, also built the two first engines for the Dundee and Newtyle Railway. The first engine was named "The Earl of Airlie," and the second "Lord Wharncliffe." These engines attracted great attention, and made Dundee famous as an engineering centre, engineers coming from all parts to inspect these "iron horses." The firm was also famous for building land and marine boilers.

With a view to fostering the retail business of the city a Trades Exhibition was held in the Caird Hall in February. This proved a great success, and several prominent local

business gentlemen have formed a Company to continue these Exhibitions at least once a year.

The Corporation continues to erect more houses, and in various districts new housing schemes are making their appearance. In connection with their slum clearance, the Corporation scheme to build 72 3-roomed houses and 144 houses of 2 rooms on a portion of the Wester Clepington Estate has been approved. These houses are being specially reserved for those families who will be affected by the demolition of slum property in the Small's Wynd area. The outlook in the building trade is very good. In addition to the large number of buildings at present in course of erection the magnificent gift of £130,000 by Mr Robert Fleming, a native of Dundee, and now of London, for the erection of new houses and the clearing of slum areas will provide employment to large numbers for a considerable time. Mr Fleming is taking a great personal interest in the scheme, and Mr George Bonar is supervising and negotiating with the City Council regarding the laying out of the ground and the type of house to be built. The plans are being prepared by the City Engineer's staff, and Mr Robert Gibson, C.E., is acting for the benefactor.

After lengthened negotiations building operations of the East Wing of the square fronting the Caird Hall have now commenced. The Council are now considering proposals which have been recently put before them for the building of the West Wing.

Private enterprise is more apparent now in the building of moderate sized houses, and in many of the outlying parts of the city new houses have been and are being erected.

Messrs Baxter Brothers & Co., Ltd., Dens Works, are erecting a large modern building extending from Lyon Street to Victoria Street. This building, we believe, is to be constructed on the most modern lines and equipped with the latest machinery.

The Corporation continues to give attention to street widening, and a much needed improvement has now taken practical shape, a start having been made to widen the Seagate between the east side of St Andrew's Street and Blackscroft.

Building operations have now been commenced on the new Commercial College in Bell Street, to be erected through the generosity of Mr George Bonar, who gifted £30,000 for this purpose. When finished, Dundee will possess one of the most thoroughly equipped and efficient business Training Colleges in the country.

It gives us much pleasure to reproduce Mr Bonar's photograph on another page of this issue of the Directory. Mr Bonar is a director of Messrs Low & Bonar, Ltd., and is one of Dundee's most prominent citizens, and takes a very live interest in the welfare of the city.

Since our last issue many very fine gifts have been made by generously minded citizens and former natives of our city. These gifts will greatly assist in the improvement of the environment of their less fortunate fellow citizens, for the

alleviation of the suffering and afflicted in Dundee, and also for Educational purposes. The princely gift of £130,000 by Mr Robert Fleming has already been referred to in this notice. The University College benefits to the extent of about £50,000, the residue of the estate of the late Mr R. C. Henderson, which he bequeathed for the founding of bursaries or scholarships. As usual the Infirmary has benefited considerably. Mr F. B. Sharp and his sister, Miss Sharp, have given an additional £20,000 to their former gift of £28,000 for the endowment of the new Maternity Hospital; the family of the late Mr Thomas Maitland £10,000. Mr C. F. Henderson has defrayed the cost of constructing balconies in front of Wards 13, 15, and 17. Mr William Boyd has provided a portable X-Ray Apparatus, while Mr T. P. Fimister gave Frigidaires to the two Children's Wards in the main building. The house at 5 Dudhope Terrace has been presented by Mr James Prain, and is to be known as The Prain Preliminary Training School for Nurses. As the result of the students' efforts during their charity week, the Infirmary benefited to the extent of £1,814. Bequests of £1,000 each were made by Hon. Sheriff J. J. Johnstone, Mr Andrew Hendry, Mr John Henderson, Mr E. Murray Dalgety, and an anonymous donor; while another anonymous donor gave £1,050 to endow a cot. Mr R. C. Henderson bequeathed £1,200, and the Women's Auxiliary gathered over £1,277 for the general funds. Mrs A. M. Grimond, Sunningdale, Berks, has given £2,100 to endow beds in the Cancer Department.

Handsome bequests have also been made to the Royal Victoria Hospital—£1,000 each from the late Hon. Sheriff J. J. Johnstone and Mr E. Murray Dalgety—and other legacies have been made to this most deserving institution. Other institutions which have benefited financially include The Children's Comerton Home, Newport, Mars Training Ship, Convalescent Home, Women's Hospital, Curr Night Refuge, Royal Dundee Institution for the Blind, Dundee and Lochee Mission to Outdoor Blind, Children's Free Breakfast Mission, Salvation Army, Prison Aid Society, and Wellburn Home, Lochee. Mr E. Murray Dalgety also left the sum of £2,800 for a charitable institution or institutions to be selected by his trustees at their discretion.

Lord Provost High was presented with his portrait in oils as a mark of esteem and acknowledgment by the citizens of the many years of public service given to the city. The Lord Provost handed over the portrait to the trustees of the Victoria Art Galleries, where it will be exhibited along with the portraits of other prominent citizens. The portrait is by the eminent artist, Philip de Laszlo, who, in appreciation of the kindness shown to him during his visit to the city, gifted his picture, "The Golden Horses of St Mark's, Venice," to be hung in the Galleries. It is pleasing to record that a knighthood has been conferred on the Lord Provost, also that Sir John Gilmour was presented with the freedom of the city.

The transport in the city is gradually undergoing a change, and the Corporation service of buses from the centre of the city to the housing schemes in the outlying districts has

proved a boon to the citizens residing in these parts. Accommodation for the fleet of buses is being provided for on the site of the old prison at the corner of West Bell Street and Lochee Road.

The Parliamentary Election saw the return of a Labour Government; two Labour Members were again returned for Dundee, Mr Edwin Scrymgeour and Mr Michael Marcus.

The series of six international celebrity subscription concerts during the winter session were well patronised, and music lovers also enjoyed the performances of the Choral Union, Select Choir, and Operatic Society. Lovers of grand opera and the drama have, however, felt the want of a theatre in our city, and it is hoped that before long this defect will be remedied and sufficient interest and enthusiasm created to warrant steps being taken to provide the necessary accommodation. The Dundee Dramatic Society, fortunate in the enthusiasm of its officials and members, produced 17 plays and gave 43 performances in Dundee and district during the past winter, included amongst them being 3 plays written by members of the Society. The performances reflected great credit on the members, and the Society well merits the support of all lovers of the drama.

The lengthened negotiations for the Union of the Church of Scotland and the United Free Church of Scotland have now been completed, and at the Assemblies of both denominations in May last the basis of Union was adopted by both bodies, and in October next the United Assembly will meet in Edinburgh.

Many well-known citizens have passed away during the year, amongst them being Mr J. Martin White, Balruddery; Mr Thomas Maitland, manufacturer; Miss Agnes Husband; Mr R. C. Henderson, merchant; Mr John Henderson, merchant; Colonel Gordon Thomson; Rev. David Thom; Rev. George Smart; Rev. Canon Macdonald; Mr William Stewart, Y.M.C.A.; Mr George Draffen, warehouseman; Mr Walter M'Gregor, formerly baths superintendent; Mr H. E. Loseby, well-known in musical circles.

Natives of Dundee will regard with some measure of regret the passing of the "Mars" Training Ship. Just as we go to press she has sailed on her last voyage down the river, bound for the shipbreaker's yard. For sixty years she has braved the storms of the Tay, and her "boys" are scattered to every corner of the globe.

If the sender desires, or it is otherwise necessary, that a special conveyance be used, the fare or cost of such must be paid in addition, but the weight fee is not charged in this case.
- When several packets are tendered by one sender for delivery by the same messenger at different addresses, or to different persons at same address, the Express fee of 6d a mile will be charged for the full distance to be traversed by the messenger, and an additional fixed charge of 1d for each article above one.

Parcels containing fish, game, meat, eggs, razors, scissors, knives, liquids, powders, live bees, &c., are not accepted unless securely packed so as to guard against risk of injury.

INLAND CASH ON DELIVERY SERVICE.

The Inland Cash on Delivery (C.O.D.) Parcel Service applies to everything transmissible by Parcel Post. Under this service the value of a parcel will, up to a maximum of £40, be collected from the addressee by the Post Office and remitted immediately to the sender by means of a special order. Parcels, ordinary or registered, may be posted (C.O.D.) at any Money Order Post Office. Parcels not exceeding £5 in value will be delivered at any address in Great Britain and Northern Ireland (including the Channel Islands and the Isle of Man) upon payment by the addressee to the postman of the amount to be collected; for those which exceed £5 in value the addressee will be required to pay the amount to be collected at the Post Office indicated upon an advice note which will be sent to him. The service does not apply to the Irish Free State in either direction.

The C.O.D. fees, which are additional to the ordinary parcel postage, vary according to the amount to be collected (Trade Charge) and are fixed on the following scale:—Trade Charge not exceeding 10s, 4d; £1, 6d; £2, 8d; £5, 10d; £10, 1s; and 2d for each additional £5 or fraction of £5 up to the maximum of £40.

The sender will be required to write on an adhesive address label—supplied free on demand—or on the cover of the parcel:—(1) The name and address of the addressee; (2) His own name and address; (3) The amount of the Trade Charge; and to fill up the special Trade Charge Form which will be handed to him. The ordinary postage must be prepaid by means of a stamp or stamps affixed to the parcel (or address label). The C.O.D. fee must be prepaid by

a postage stamp or stamps affixed to the counterfoil of the Trade Charge Form. A certificate of posting will be given if desired as in the case of an ordinary parcel.

The Trade Charge will be remitted to the sender of the parcel by means of a "crossed" order, similar to a Money Order. This order will not be negotiable and will normally be paid into the payee's banking account; but special arrangements will be made for payees who have no banking account to receive the money in cash from the Post Office, subject to proof of identity.

The Post Office accepts the same responsibility for a C.O.D. Parcel as for an ordinary parcel, registered or unregistered as the case may be. For a Trade Charge Order its responsibility is the same as for a Money Order.

C.O.D. system applies also to consignment of goods by rail. For full particulars apply to any Post Office.

CERTIFICATES OF POSTING OF UNREGISTERED CORRESPONDENCE.

Any person who desires proof that an unregistered letter, card, halfpenny packet, or newspaper has been duly posted should hand in the letter or other article at a Post Office and ask for a certificate of posting,—fee, $\frac{1}{2}$ d.

POSTE RESTANTE.

Correspondence of any kind to be called for is, as a rule, taken in at all Post Offices except Town Sub-Offices. The words "to be called for" or "Poste Restante" should appear in the address. The Poste Restante is for accommodation of strangers and travellers, but they may not use it for more than three months.

REGISTRATION AND COMPENSATION—INLAND.

Correspondence of any kind (including parcels) can be registered. The ordinary registration fee is 3d, in addition to the postage.

Registered Letter Envelopes (for Inland and Foreign Letters) bearing a $4\frac{1}{2}$ d stamp embossed on the flap for registration fee 3d and postage $1\frac{1}{2}$ d, are sold as follows:—Size F ($5\frac{1}{4}$ ins. \times $3\frac{1}{4}$ ins.), 5d each; G ($6\frac{1}{8}$ ins. \times $3\frac{3}{4}$ ins.), $5\frac{1}{2}$ d each; H (8 ins. \times 5 ins.), $5\frac{1}{2}$ d each; K ($11\frac{1}{2}$ ins. \times 6 ins.), $6\frac{1}{2}$ d each.

Everything intended for registration must be handed to an officer of the Post Office, and a receipt obtained. The packet must be made up in a strong cover, fastened with gum or other adhesive, but this does not apply to post-cards, printed papers, nor newspapers. If it be desired to secure compensation for damage to a packet (other than a parcel), it must bear the words "Fragile, with care." If a packet is fastened by means of strips of adhesive paper or tape, each strip must bear, stamped or printed on it, some mark or word distinctive of the sender, such as his initials or name, or must be signed or initialed by him or by the person who tenders the packet for registration.

Packets for registration must be marked in the bottom left-hand corner with the word "Registered," and, when the fee exceeds 3d, with the amount of the fee proper to the value up to which the sender desires to secure compensation, thus, "Registered 4d," and so on. The sender of an Inland postal packet may obtain an acknowledgment of its due delivery by paying, at the time of posting, a fee of 3d in addition to the postage and registration fee.

Inland postal packets containing coin, watches, or jewellery, if posted without registration, are subject to compulsory registration, and are charged on delivery with a fee of 6d, in addition to the ordinary postage. Letters containing uncrossed Postal Orders in which the name of the payee has not been inserted, uncrossed cheques or dividend warrants, bank notes, postage stamps, or any article (other than coin and jewellery) of a value in each case of 10s or over, will, when found open in the post, or when opened in the Returned Letter Office, be subject to registration, and be chargeable with a registration fee of 3d. Money of any kind must be enclosed in a Registered Letter Envelope and transmitted by Registered Letter Post. The compensation in respect of coin will in no case exceed £5.

The Postmaster-General will (subject to certain rules) pay compensation for the loss or damage of Correspondence as follows:—

- (1) *Registered Correspondence (including Parcels).*—Fee 3d, Compensation £5; Fee 4d, Compensation £20; and so on at the rate of 1d for every £20 up to £400.

- (2) *Unregistered Parcels*.—Limit of compensation, £2. No compensation is given in respect of money of any kind sent by Parcel Post, whether registered or not, or in respect of jewellery sent by Parcel Post unregistered. To secure compensation a certificate of posting should be obtained when a parcel is posted.
- (3) *Express Correspondence*.—Compensation according to the ordinary scale is paid in respect of Correspondence of the kinds specified in Sections (1) and (2), when sent by Express Service; and up to £2 for Unregistered Packets (not money nor jewellery) conveyed by special messenger throughout their whole course.

Circulars printed or lithographed in characters resembling those of the typewriter, or produced from typewritten originals, will be admitted, provided that they are handed in at the counter of Post Office, that special attention is called to their nature, and that at least twenty copies are posted at the same time.

Commercial Papers and Printed Papers may be posted either without a cover, or in an unfastened envelope, or in a cover easily removable for examination without breaking any seal or adhering surfaces. The packet may, however, be tied at the ends with string easy to unfasten. The name and address of the sender should be written or printed outside.

Articles to be registered must be enclosed in a strong envelope, and given to an agent of the Post Office. To some countries it is forbidden to send coin, jewellery, or precious articles. Seals must be placed over each join or loose flap of the covering, and at the ends of the string. The seals must all have distinct impressions of the same device, such device not consisting merely of straight or curved lines. Parcels containing coin, watches, or jewellery must be enclosed in strong boxes substantially fastened in wrappers of canvas or strong paper, duly sealed. The Postmaster-General will, subject to certain rules, give compensation for the loss or damage of uninsured parcels sent by Parcel Post to various Foreign Countries when such loss or damage takes place while the parcels are under his custody. The compensation paid will in no case exceed £1 12s for a parcel exceeding 11 lbs., or £1 for a parcel not exceeding 11 lbs. In the services with certain countries a lower limit than £1 is in force for light parcels. In the case of parcels lost or damaged while under the control of the Post Offices of these countries, the Postmaster-General will endeavour to obtain compensation for the senders.

POST OFFICE TELEGRAPHS.—INLAND TELEGRAMS.

The charge is 1s (1s 6d for telegrams addressed to the Irish Free State) for the first 12 words, and 1d for every additional word. Addresses are charged for. Telegrams handed in on Sundays in Scotland are charged 6d extra.

Forms with embossed stamps can be obtained either singly or in books of 20, interleaved, and with a sheet of carbonic paper, price £1 0s 3d each book.

When the terminal office is a Head Post Office, the amount paid for transmission covers the cost of delivery within three miles or within the town postal delivery when that extends for more than three miles. But when it is not a Head Post Office, the message is delivered free within three miles only. The portage on messages for places beyond the limits of the free delivery will be at the rate of 6d a mile or part of a mile, the charge being reckoned from the limit of the free delivery.

Copies of a telegram directed to more than one person in the same free delivery are delivered at a charge of 4d per copy, in addition to the ordinary telegram charges for the number of words in the addresses and text. Telegrams may be repeated, if the sender desires it, at one-half the ordinary tariff.

Persons not wishing to send to a Telegraph Office may post a telegram in an envelope addressed "Telegram, Immediate" in a wall or pillar-box, or Sub-Post Office. Telegrams so posted are sent on by next collection to the Telegraph Office for transmission free of extra charge, provided that the proper amounts have been prepaid.

Messages may be sent by Telephone from subscribers or from Multi-Coin Boxes for onward transmission as telegrams to a Telegraph Office which can be reached either through the local Exchange system or by means of Trunk wires. A local telephone fee is charged in respect of each call made to the local Telegraph Office, and if a call is made to a more distant Telegraph Office a trunk fee may also be payable.

Anyone may register an abbreviated address on payment of £2 a year.

The cost of a reply, not exceeding forty-eight words, may be prepaid, and a reply form will then be delivered to the addressee, who will be at liberty to use it for any inland message, at any time within twelve months.

NIGHT TELEGRAPH LETTER SERVICE.

Night Telegraph Letters may be sent between any two of the undermentioned towns for delivery by the first post the next morning—including Sundays if there is a Sunday delivery:—Aberdeen, Belfast, Birmingham, Bradford, Brighton, Bristol, Cardiff, Cobh (or Queenstown), Cork, Derby, Dover, Dublin, Dundee, Edinburgh, Exeter, Gateshead, Glasgow, Holyhead, Hull, Inverness, Leeds, Liverpool, London (Central Telegraph Office, West Strand, Fleet Street and House of Commons Branch Offices), Londonderry, Manchester. Newcastle-on-Tyne, Newport (Mon.), Norwich, Nottingham, Plymouth, Portsmouth, Queenstown, Sheffield, Southampton, Swansea. The rate is 1s for 36 words or less (1s 6d to Irish Free State), and 1d for every 3 words beyond 36. The usual fee of 6d in addition is charged on Sundays.

Night Telegraph Letters must be in plain language. They should be written on telegram forms and the charges prepaid in postage stamps. They may be handed in at or telephoned to the Head Office of the town before midnight, or posted in time to reach it by midnight (9 p.m. at Londonderry, 10 p.m. at Inverness and Dundee), prepaid at the above rate, in an envelope marked simply "Telegraph Letter." They may not bear multiple addresses; and registered telegraphic addresses will not be accepted.

FOREIGN TELEGRAMS.

In telegrams written in plain language (English or French) the length allowed for a word is 15 letters. Additional letters are charged for at the rate of 15 letters to the word.

Subject to the limit as to number of letters, ordinary compound words and names of persons and places, &c., written without break or interruption, are counted as single words. If joined by a hyphen, or separated by an apostrophe, they are counted as so many separate words. Compound numbers written in words and without break are also counted as single words subject to the same limit as to the number of letters. The name of the office of destination in the address is charged for as one word whatever its length; and when the name of the country, state, province, or district has to be added the whole expression is charged for as one word. Every separate letter or figure is charged for as one word. Groups of letters in cypher and groups of figures are counted at the rate of five to a word. Bars of division, decimal points, and stops used in the formation of numbers are counted as figures. Letters added to figures to form ordinal numbers are counted as figures.

Telegrams in Code language must be written in one of the authorised codes.

RADIOTELEGRAMS.

Radiotelegrams are accepted at any Telegraph Office for transmission to ships equipped with wireless telegraph apparatus in any part of the world.

Services.—(1) Short distances (List British Coast Stations, 250 miles). Rates from 3½d to 5½d per word. (2) 1,500 mile range, 11d per word; 1/3 minimum. (3) Special world-wide services (Rugby radio and Portishead radio), 1/6 per word; no minimum. Open address.—When the sender is uncertain as to the appropriate coast station, the radio should bear an open address thus: "Jones Olympic Wireless." Abbreviated addresses for use in connection with radiotelegrams only can be arranged through the Head Postmaster. Fee, 2/6 per annum.

EXTRA-EUROPEAN TELEGRAMS.

Telegrams in plain language are accepted at the "Deferred Rate" on condition that they may, if necessary, be deferred during transmission in favour of Full-Rate Telegrams.

IMPERIAL CABLE AND BEAM WIRELESS SERVICES.

"*Via Empiradio*."—Anglo-Australian, Anglo-Canadian, Anglo-Indian "Beam" services. These services place C.T.O. London in direct communication with Melbourne, Montreal, and Bombay respectively, and provide cheap, accurate, and speedy Empire intercommunication. Mark telegrams—" *Via Empiradio*."

Deferred and Letter Telegrams in plain language at specially reduced rates can be forwarded by those routes. "Imperial" and "Empiradio" enquiries, Telephone Dundee 5690.

OVERSEAS TELEPHONES.

Anglo-Continental Telephone services are available from Dundee to most of the principal towns in Belgium, Denmark, France, Holland, Germany, Sweden, Switzerland, Austria, Danzig, and Czecho-Slovakia.

Anglo-American, Canadian, Cuban Telephone services are also available.

Booking Outgoing Calls.—Dial "O," ask for "Continental Service," "American Service," &c. Reduced night rates in force. Enquiries, Dundee 5690.

AIR MAIL SERVICES.

Letters, post cards, printed papers, and commercial papers and samples may be sent by Air Mail. Air Mail packets can be accepted for registration (except for Colombia), but cannot at present be insured (except for Holland and Switzerland).

An Air Mail packet may be posted in any of the ordinary ways of posting. It must (1) bear an "Air Mail" label or manuscript equivalent, and sometimes a special marking in addition; (2) be prepaid (in postage stamps) with an Air Mail fee in addition to the ordinary postage. An "Air Mail" label may be obtained free of charge at any Post Office, and should be affixed to the top left-hand corner of the packet. If a label is not available, the packet should be prominently marked—"By Air Mail."

Express delivery is not covered by the Air Mail fee; but if express delivery is desired, an additional fee of 6d (per packet) must be paid, and the packet must be prominently marked "Express." Similarly, if registration is required, the usual fee must be prepaid.

Information regarding rates, routes, &c., can be had on application at any Post Office.

POST OFFICE SAVINGS BANK.—The Post Office acts as a Bank for Savings throughout the United Kingdom. In every town and in almost every village small savings may be paid in at the Post Office. The money will be held in safety by the Government, will earn interest, and, when required, may be drawn out again through the local Post Office wherever the owner may be.

Home Safes can be obtained at all Post Office Savings Banks. The Safe is a small steel box in which coins may be placed for subsequent deposit in the Savings Bank; it is locked when issued, but every Savings Bank Office keeps a key which will open it when presented for the purpose of having the contents placed to the credit of the holder. The charge for the Safe is 3s. Of this amount 1s is a registration fee and is not repayable, but the balance of 2s will be repaid if the Safe be given up in good condition.

Forms to which stamps may be affixed are supplied at Post Offices for the assistance of children and others unable to save more than a penny or two at a time.

Special facilities are provided for assisting managers of Penny Banks, and for the saving of pence by children attending elementary schools. Information on the subject will be furnished on application to the Controller of the Savings Bank.

Special facilities are also afforded to depositors in the Post Office Savings Bank for making investments in Government Stock, for purchasing Annuities, and for effecting Life Insurances.

You can afford a 'Pianola' Piano

LET us look more closely into this question of cost. Roughly speaking, with the big price reduction just announced, a few shillings a week will pay for the 'Pianola' Piano. It is quite safe to assume that you spend quite as much, and probably more, on various forms of pleasure which have no permanence.

The 'Pianola' Piano brings the whole realm of Music to your own fireside, giving, as it does, even to the unskilled, the pianoforte technique of a great pianist.

Now reduced in price, the genuine 'Pianola' Piano costs less than at any time since 1914, and its purchase to-day is so easy—delivered to your home for £5 down and full value allowed for your present piano in part exchange.

Write to-day for List of reduced prices and details of our new 'Provident' System of Deferred Payments.

STREET DIRECTORY.

See LIST OF STREETS, SQUARES, &c., at beginning of Directory.

NUMBERING OF STREETS.—In Dundee it has hitherto been the practice to number the Streets with the odd numbers on the *right* hand side of each street, and the even numbers on the *left*. In the Directory, therefore, the names have been arranged in the same way—the *odd* numbers first, 1, 3, 5, 7, &c., then the *even* numbers following in the reverse direction, as 8, 6, 4, 2. The Broughty Ferry Streets, however, are so arranged that the order of the buildings begins on the *left* hand side of the street, returning on the *right* hand side in the reverse direction. This should be kept in mind when consulting the Directory.

The List of Streets, Squares, &c., on page 18 (which has reference letters to denote the position of each street on the Plan of Dundee, and reference numbers and letters to indicate Registration Districts and Ward Boundaries) will be found serviceable in determining the situation of any required locality.

All Kinds of BATHS, WASH-HAND BASINS, and WATER CLOSETS
Fitted up on the Most Improved Principle.

WATER, STEAM, and GAS FITTINGS of every description.**CRIGHTON'S****PATENT WRINGER PLATE.**

The plate herewith has been designed to meet a much-felt want in the Washhouse, as the methods hitherto adopted for fixing the Wringer to the earthenware tubs have been invariably unsuccessful, and have caused much inconvenience to the users.

The Plate is made in one piece, and is of Cast-Iron—Galvanised to prevent Corrosion—and although fixed between the tubs there is no risk of cleavage, as the double flange bearing upon the tubs counteracts this tendency. The ends of Plate are chequered on both sides to give wringer screws a secure hold, and any ordinary size of wringer can be fixed to same.

It may be had in Light or Heavy Pattern.

*Can you
do this with
your pen?*

You can swing the Onoto about in any direction, and it won't leak so long as the safety valve is screwed home. This valve is in the point of the pen, and by a simple turn at the other end it is forced into the ink supply hole, sealing the ink in the pen until released by a reverse turn of the valve. The Onoto is safe to carry in any position. It fills itself and is cleaned at the same time.

The Dundee Royal Infirmary.

THE ROYAL INFIRMARY was founded in 1782, and has gradually increased its provision for the sick and hurt by building and by undertaking the control of branch Institutions until now there are over 600 beds available for the treatment of patients. The number under treatment at the Infirmary during the year 1928 was—indoor, 9252; the number of attendances of persons for advice or medicine at the outdoor departments was 141,325; while 8435 visits were made by Nurses from the Maternity Hospital to patients at their own homes. At the Convalescent Home during the year 1125 patients received the advantage of a rest after their illnesses, and at the Sidlaw Sanatorium the treatment of 212 children was continued with beneficial results.

The cost of maintenance of the Infirmary for the year was £47,559, and the ordinary income was £34,619.

The Directors renew their appeal for the endowing and naming of beds and cots, the sum necessary to endow a bed or cot being £1050; to name one, £210. In view of the increased annual expenditure which will be incurred in connection with the large extensions recently made to the Infirmary, and in the maintenance of the increasing number of patients, an addition of not less than £10,000 to the ordinary yearly income is required in order to meet the expenditure. Subscribers are earnestly solicited to increase their Subscriptions, and to induce those of their friends who do not contribute to the Funds to become Subscribers. The names and addresses of any who are likely or willing to subscribe should be sent to the Treasurer,

ROBERT C. THOMSON, 64 Reform Street.
